Domain Verification - utahtech.rocks

For security reasons, you need to verify your ownership of 'utahtech.rocks'. You can verify this by one of the following methods. Please note that it won't affect your existing email/domain management services.

Add a TXT record in the DNS (Recommended) ▾

1. Login to the DNS provider where your domain's **name server** is pointed.
2. Now, add a new TXT record, and paste the below TXT value into the DNS configuration. Click [here](#) for detailed instructions.

TXT Name	TXT Value / Points To / Destination
@ (or) Leave it blank	zoho-verification=zb13088834.zmverify.zoho.com 📄

3. You may have to wait for 30 minutes to 1 day for this change to propagate, depending on the TTL value that you've entered.
4. Finally, come back to this page and click on the below button to complete the domain verification process.

Verify TXT Record

- Email Setup
- Hosting Summary
- Setup Users
- Setup Groups
- DNS Mapping
- Email Migration
- Go Mobile
- You're all set
- Go to Admin Console

Account Creation

You have now verified your domain ownership

You are the **Super Administrator** of this organization, create your domain based email address
